

INFINITE CAMPUS

Data Interpretation

The data you will see in the Parent Portal is extracted from the Infinite Campus Student Information System. **Each area of data is updated on different schedules.** Please review the following to become familiar with the Parent Portal data expectations.

Data Concerns

Concerns about the data you find on the Parent Portal should be addressed to the secretary or principal in your child's building.

At The Start of the School Year

The beginning of each new school year is a very busy time for teachers, secretaries and administrators. Staff will need time to update student information and complete scheduling and grading setup. The Parent Portal registration process may be delayed a few weeks while this data is being updated. In addition, grading information could also be delayed until teachers have had the opportunity to prepare grading formats and enrollments are final.

School and District Notices

Displays any relevant notices or messages by the district or building your child attends.

Family

This is the demographic information about your family, such as address, email, phone and a list of other members within the household.

Calendar

There are two calendars listed: A calendar under the Family heading and a calendar under the student's name. The Family Calendar displays a list of all students' assignments due and/or any activity taking place on a certain day. The calendar under the student will display only that student's assignments or activities.

Attendance Data

Attendance/Tardy information is posted to the Parental Portal immediately after the teacher or secretary saves the attendance/tardy input. You can see your child(ren)'s attendance data and when any classes were missed during the day. Color coding helps you know if absences were excused or not: White is excused, red is unexcused, yellow is unknown, and green is exempt.

High School – Absences and tardiness are recorded hourly during the day.

Middle School – Absences and tardiness are recorded hourly during the day.

Elementary – Absences and tardiness are recorded once in the morning and once in the afternoon.

Class/Student Schedule

This shows all courses the student is assigned for the current and previous terms of the current year.

Gradebook and Assignments

This shows all assignments the student has been assigned and the grades he/she earned for the current and previous terms of the current year. Parents can also see any missed assignments the student failed to do or turn in to the teacher. Teachers will post at least one grade per week.

Reports

Prints student's schedule, transcripts or report cards.
