

Smile Programs...the mobile dentists

Phone: 1-888-833-8441 Fax: 1-888-330-4331

Smile Programs coordinates an in-school dental prevention visit. Our mission is to increase the quality of life for children by ensuring preventative dental services including: dental exams, x-rays, cleanings, fluorides and sealants to children.

Our program:

- All children (ages 12 months-18 years old) are eligible
- No child is turned away based on ability to pay
- Grants are readily given with a parent's signature (No proof financial status is asked)
- Grants are private, ongoing and never run out
- We provide and complete all paperwork for state mandated requirement of dental exam
- We provide permission forms and letters to the parent for every child (Spanish forms available)
- Teams are made up of a licensed dentist and two staff including registered dental hygienist(s)
- Every child is given a "report card" to take home
- Dental referrals are provided if additional dental work is needed
- A copy of the dental exam is left with the school for the child's school file
- OSHA and HIPAA compliant
- Strict adherence to the CDC Guidelines for Infection Control; Practical Infection Control for Dental Sealant Programs in a Portable Dental Care Environment as presented at The National Public Health Dental Sealant Conference

Smile Programs has been coordinating dental care to children, families and communities for almost 15 years.
